## Event Highlights

Pi's Adventure in  
Victoria Harbour  
26 November  
(Sunday)  
9am - 4:30pm

Senior secondary school, tertiary and university students, "Get ready for an epic adventure!" Setting out from the Hong Kong Maritime Museum on a boat, participants will discover along the journey interesting port facilities, such as the historical Green Island Lighthouse, the Ma Wan Fairway, and the various marine facilities on the coast of Tsing Yi. The journey will end at the museum, where a career debriefing will be given. Places are limited, so register online now. Let's explore the Victoria Harbour together!

Visit to Navigation  
Simulation Training Facility  
22 November  
(Wednesday)  
2:30pm - 4:30pm

Students, get ready to set sail! What can be more exciting than a chance to steer a ship through a full-mission ship simulator at the Government Dockyard? Equipped with full-function navigation & communication consoles, as well as a virtual marine environment projected on curved screens, this state-of-the-art facility will be eye-opening for students and give them first-hand experience at the helm of a ship of their choosing.

Maritime Services Training  
Institute Open Day  
24-25 November  
(Friday and Saturday)  
9am - 4pm

Ready to check out a live demonstration of fire-fighting and survival techniques? During the open day of the Maritime Services Training Institute, visitors will acquire a better understanding of maritime training, as well as the shipping industry. Don't miss this valuable opportunity to see the various marine training facilities and equipment first-hand, including the full mission ship-handling simulator, marine radars, the mock-up bridge of a merchant ship, fireman outfits and firefighting equipment, rope making machine, medical care and first-aid equipment, life-saving appliances, rescue boats and more!

## Feature Article

# HKMM – Your Outreach Partner to the Youth Community

by Richard Wesley, *Museum Director*

---

Hong Kong Maritime Museum (HKMM) has been working closely with the Hong Kong Shipowners Association (HKSOA) and will join hands with the Hong Kong Maritime and Port Board to organise “Hong Kong Maritime Week 2017” on 19-26 November, with a view to provide a platform for corporates of the maritime industry to be involved and connected, as well as to reach students with a focus on employment opportunities in the maritime sector.

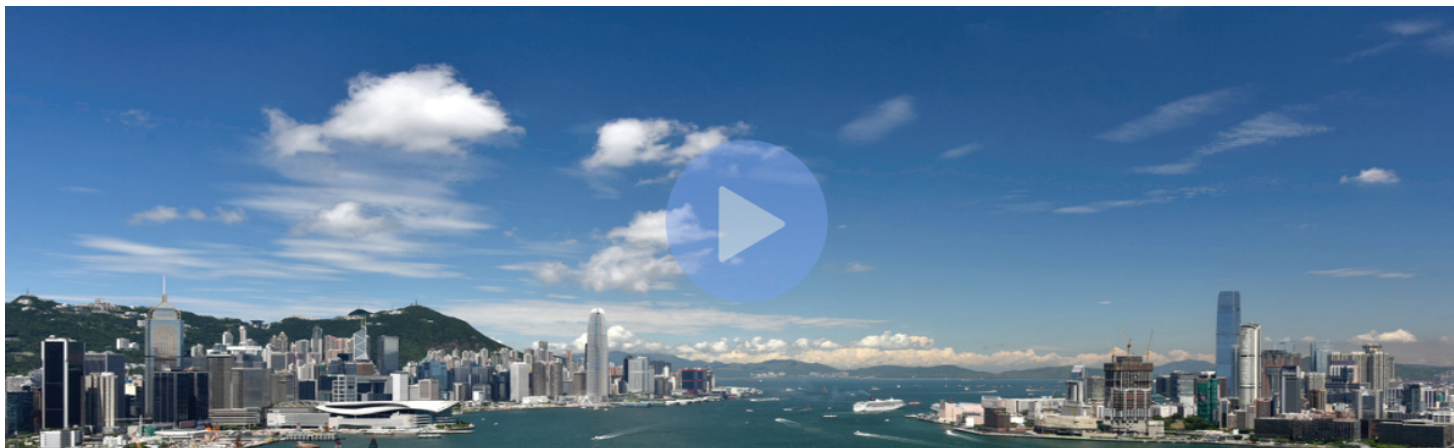

The Hong Kong Maritime Week aims to expand relationship with maritime associations and allow them to deliver their Corporate Social Responsibility (CSR) objectives. These include increasing public awareness about the significant and active role of the maritime industry in modern day Hong Kong, encouragement of public support for and understanding of shipping issues and to provide port based educational resources and activities for young people.

The Hong Kong Maritime Week will consist of a series of education programmes, such as public talks by industry representatives, a Family Fun Day, industry booths as well as ship bridge simulator visits. To encourage our maritime community taking up its social responsibility as well as introduce potential career opportunities to youngsters, a new Career Expo will be held on 25 November aimed at both high school and university level students.

Thanks to the generous assistance of many stakeholders, especially after the initial grant from the Maritime and Aviation Development Fund (MATF) in 2016, the participation of school children has doubled, and a total of 2,219 visitors were attracted to similar events at the museum last year. A partnership with the Education Bureau Business-School Partnership Programme also provided a good schools outreach platform. Companies interested to participate in the Career Expo please email [marketing@hkmaritimemuseum.org](mailto:marketing@hkmaritimemuseum.org).

## Hong Kong Maritime and Port Board

The Hong Kong Maritime and Port Board (HKMPB) was set up in April 2016 to provide a high-level platform for the industry, academia and the Government to work closely together to set the direction for the development of Hong Kong's maritime and port services [Details!](#)
